

## REMARKS

This Amendment is submitted supplementary to the first Preliminary Amendment in the above identified application.

With the present Amendment, applicants have somewhat amended claims 1 and 7 to correct inaccuracies in them.

Claims 5, 2 and 6 have been canceled and replaced with new claims 9, 10 and 11 which contain the subject matter of the canceled claims.

It is respectfully submitted that the features of the new claims 9, 10 and 11 are also not disclosed in the references applied by the Examiner and therefore these claims should be considered as patentably distinguishing over the art per se and should be allowed.

Consideration and allowance of present application is most respectfully requested.

Should the Examiner require or consider it advisable that the specification, claims and/or drawings be further amended or corrected in formal respects in order to place this case in condition for final allowance, then it is respectfully requested that such amendments or corrections be

carried out by Examiner's Amendment, and the case be passed to issue.

Any costs involved should be charged to the deposit account of the undersigned (No. 19-4675). Alternatively, should the Examiner feel that a personal discussion might be helpful in advancing this case to allowance, he is invited to telephone the undersigned (at 212-687-5068).

Respectfully submitted,
